

AV Requirements - Gordon Stein

Microphone & Audio

- Hands-free microphone (Lavalier or Countryman-style headset)
- Room audio connected and tested with venue sound system

Slide Deck & Equipment

- I'll bring my own MacBook Pro (HDMI-ready)
- I'll bring my own slide clicker

Screen & Visibility

- No front lights washing out the projection screen
- Stage should be well-lit so facial expressions land
- Either a confidence monitor or my laptop viewable from the stage for pacing

Virtual Sessions

- I will provide a Zoom connection and a link for your audience to connect for the session. I recommend that you provide a chat monitor and facilitator.

Hybrid Sessions

- Please have an AV tech available to run the hybrid session over Zoom or suitable platform and a chat moderator to handle questions from the virtual audience

AV Support

- Please have an AV tech available **15 minutes prior to the talk for a quick equipment check**
